Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Monday 12 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Some sunshine by day, frosty nights.

This Evening and Tonight:
Clear skies allowing a frost for many, especially in the north and east where it will be severe in some rural parts. Cloudier in the west with a few showers persisting, though these mostly dying out.

Tuesday:
Most parts dry with sunny spells and light winds, so feeling a touch warmer than recently despite temperatures being below average. A few showers, mainly for central and western areas.

Outlook for Wednesday to Friday:
A few showers are possible at times, but most places will be dry with sunny or clear spells, light winds and overnight frosts.
